

Individual Consultation Agreement toward EMDRIA Certification

This is a consultation agreement between Jackie L. Stout, LCSW, EMDRIA Approved Consultant (AP) and _____ . It is the only agreement between us.
(Consultee Name).

Services

Consultant agrees to provide individual consultation services to Consultee for the purpose of meeting the consultation requirement for EMDRIA Certification in EMDR therapy. Consultee affirms that s/he has completed Basic Training in EMDR therapy by an EMDRIA accredited program. The focus will be on mastery of the **8 phase standard EMDR therapy protocol** which includes application of the AIP model to case formulation and treatment planning. Cases that are not related to the clinical use of EMDR therapy will not be discussed during this consultation.

Limitation of Services

It is expressly understood that no supervision or employment relationship exists between Consultant and Consultee. Consultee affirms that s/he is independently licensed to practice psychotherapy and maintains any and all insurances (including malpractice) and requirements necessary for practicing in his/her jurisdiction. It is understood that neither Ms. Stout, as AP, nor other therapists/participants shall be construed as providing supervision to another Consultee/participant on any specific case. While clinical possibilities will be discussed and ideas shared in relation to the clinical situations presented, the Consultee is solely responsible for the nature and quality of services provided to the client/patient.

Confidentiality

Consultee will notify clients and obtain signed Release of Information for consultation prior to presenting any case material to Consultant. Consultee will omit any potentially identifying information from all written or electronic materials and in oral discussions with Consultant. Consultation will focus on general principles and fidelity in application of treatment for kinds of cases, not for specific or identified cases. Consultee understands that whatever information is presented in these sessions is to be kept confidential among the participants both during and after Consultee’s participation in the group.

EMDRIA Certification Requirements

It is agreed that before Consultant will write a letter in support of EMDRIA Certification for Consultee, Consultee will provide behavioral work samples demonstrating satisfactory fidelity to the standard EMDR therapy protocol. These may be in the form of audio or videotapes, or near verbatim transcripts of sessions and will be reviewed during consultation time. It is recommended that Consultee begin to present work samples as soon as possible so that if Consultant has reservations about providing a letter, those reservations can be discussed by **session 5 of the 10 required individual hours** to allow time to rectify the concerns. Consultee also agrees to provide a signed release of information for any previous EMDR therapy Approved Consultant if asked by Consultant.

Fees

Consultee will pay Consultant a fee of \$240 per hour of consultation. Consultee will provide 24 hours notice to cancel or reschedule consultation appointments or pay the standard fee.
